

# CMP-10

## Mobile Printer

The Citizen CMP-10 is a small, lightweight mobile receipt printer that brings functionality and convenience to any mobile environment. Printing at 50mm/sec, the CMP-10 affords maximum wireless freedom through an infrared (IrDA) interface or built-in Bluetooth™ wireless technology. Weighing less than 12 ounces, the CMP-10 utilizes a long-life lithium-ion battery that supplies up to 40,000 lines of 8 dots/mm (203dpi) thermal printing on a single charge. And an optional integrated magnetic card reader provides rapid credit card processing.

Boasting wireless capability, long battery life and dimensions that fit perfectly on a belt clip or lanyard, the wireless Citizen CMP-10 satisfies the anytime, anywhere demands of today's mobile commerce.

### Anytime, Anywhere Printing

- Portability
- High-performance battery power: prints 40,000 lines a single charge
- Wireless IrDA or Bluetooth connectivity eliminate cumbersome cable connections. Two-way communication provides data integrity and is ideal for OEM integration.
- Wearable built-in metal belt hook and neck/shoulder lanyard
- Protocol support for POS and Barcode.
- Accessories: belt clip and lanyard  
Configuration options: magnetic stripe reader and 40mm paper cover.
- Interfaces to Pocket PC and Palm OS devices. (optional)
